Work

UI/UX Designer

Castle Rock Associates – August 2018 – Present

Redesigned existing and designed several new Traveler Information System products. Enhanced functionality and user experience, creating design solutions that integrate the needs of clients, consumers, and developers. Develop and deploy a responsive design to ensure optimal usability across a range of devices, including desktops, tablets, and smartphones. Receive and sort public feedback and product analytics to roadmap new features and update existing elements. Lead design discussions, coordinating with project managers to deliver assets.

Web Designer

Righteous Clothing Agency – June 2014 – July 2018

Develop, maintain, and monitor over 30 ecommerce stores. Manage inventory, generate sales reports, launch new products, create and distribute email marketing campaigns, and build new store functionality.

Graphic Designer

Righteous Clothing Agency – June 2010 – June 2014

Design and production of apparel, retail merchandise, promotional products, marketing materials, corporate identities, and brochures and catalogs for Righteous Clothing customers, including restaurants and franchises, hospitals, and other businesses.

Skills

High level of expertise in Adobe Suite: Photoshop, Illustrator, InDesign, Adobe XD, Figma, HTML, PHP, JavaScript, Git, Wordpress, Woocommerce, Ordoro, Excel, LESS, SCSS, and CSS. Experienced in React, Tailwind, Ionic,, Foundation and Bootstrap.

Education

Associates of Applied Science Degree in Graphic Design

Linn-Benton Community College – August 2007 – June 2010
